
INTEGRATION COURSE - FOX AOB

INTEGRATION LAW

Since the beginning of 2007 an Integration law is in effect in The Netherlands. From 1 January 2013 some important changes in this law have been introduced. All foreign people, coming from outside of the EU-countries, are required to pass an integration examination. They are so called "inburgeringsplichtig".

OWN RESPONSIBILITY

The most important change in the law is that everybody, who is required to do the examination, has to arrange and pay for their own integration course. Each individual is responsible for its own integration and assimilation in the Dutch society. So you have to take care by yourself of passing the required test.

You can get help from;

- DUO (Dienst Uitvoering Onderwijs)
- Opleidingsinstituut (FOX AOB)

For more information about integration take a look at the website:

www.inburgeren.nl.

TRAINING PROGRAM – FOX AOB

To pass the test you have to be able to speak, read and write Dutch at a certain level (A2) and you have to have knowledge of the Dutch society. After 2015 is ONA (Oriëntatie op de Nederlandse Arbeidsmarkt) also a part of the examination. To get these skills and knowledge it is advisable to follow a special training program. FOX AOB can offer you such a training program. FOX AOB provides a course for the examination from level A0 to A2.

The training program consists of the following elements:

- 1) Intake
- 2) Training program
- 3) Integration examination

TRAINING PROGRAM

The training program starts with an interview. During the interview we collect several data, like personal data, education, work experience, etc. After the interview we do a test (called the "TIWI-toets"). The test tells us more about the (Dutch) level of the student. In a second interview we discuss the results of the test and give you advice about a customized training program. In consultation with you we can make an action plan. The training program is a combination of learning at school and learning at home. We use books and special computer programs. You are getting the necessary study hours at the FOX AOB location. During these hours you will be coached by FOX AOB staff. The other hours are filled by studying at home.

INTEGRATION EXAMINATION

During the course and at the end of the course you will do some tests to assess if you have the required knowledge level. If the results are positive you can do the examination. The examination will be applied for by FOX AOB. If you like more information about the examination you can take a look at the website www.inburgeren.nl.

DURATION OF THE TRAINING

The duration of the training is depending of the starting level, the progress and motivation of the participant. The lessons are 2 or 3 times per week. After the initial interview was can discuss what duration you can expect.

LOCATION

The lessons will take place at the course location of FOX AOB, Fransstraat 16 in Voorburg. The lessons will be at daytime or (if possible) in the evening.

COSTS AND BORROW MONEY FROM DUO

Naturally there are costs involved in following a course and taking the tests. To help you cover such costs, you can apply for a dedicated loan. The DUO (Dienst Uitvoering Onderwijs) is able to provide such loans. There is a difference between the so called "asielgerechtigden" (with a maximum loan amount of € 10.000) and "inburgeringsplichtigen" (with a maximum loan amount of € 5.000). Your income also determines the loan amount. More information about how to obtain a loan from DUO: www.inburgeren.nl.

As one of the conditions to borrow money from DUO you have to take the relevant course at a certified institution. Certifications are granted by the Governmental organisation called: "Blik op Werk". FOX AOB is a certified institution and has the required accreditations. More information about the accreditations you can find on the website www.blikopwerk.nl.

The fee for an integration course is depending on the number of hours. FOX AOB has for example a course of 150 hours and a course of 300 hours. After the test we know how many hours are necessary and can we tell you more about the costs for an integration course.

ACCREDITATION FOR INTEGRATION

Since 2009 FOX AOB is certified to provide the integration courses and we are in the possession of required accreditation. This means that we are a reliable organization and we have a good training program. "Blik Op Werk" checks every year our organization and standards. For more information you can take a look at the website www.blikopwerk.nl.
